EXPERIENCE

Udaya Group of Industry

Nov 2024 – Feb 2025

Marketing Intern

Manipal, Udupi

- Streamlined Excel-based costing sheets, eliminating 100% of manual documentation errors across marketing expense records.
- Assessed marketing spend and ROI data, contributing to a 25% reduction in budget variance across campaigns.
- Prepared and verified 50+ expense records monthly to support accurate posting in Tally ERP9.
- Supported GST reconciliation by matching 100+ purchase invoices with GSTR-2A/2B data to identify discrepancies.
- Compiled Excel-based MIS reports for expense tracking, budget monitoring, and variance analysis.

PROJECTS

Customer Engagement & Brand Loyalty Analysis

Udaya Kitchen Next Pvt. Ltd.

- Spearheaded survey analysis from 120+ respondents, boosting retention insights by 35% through financial modeling of loyalty drivers.
- Modeled customer spending patterns in Excel to support data-backed retention and pricing insights.

Financial Literacy Survey Analysis

Team Lead

- Led analysis of 120+ youth survey records, cleaning and structuring data to reduce inconsistencies and improve reporting accuracy by 40%.
- Generated summarized financial awareness reports using Excel, enabling faster insight delivery and clearer identification of knowledge gaps.

Corrugation Manufacturing Cost Optimization

Shri Durga Enterprises

- Examined raw material, labor, and overhead cost components across production stages, reducing overall costs by 25%.
- Compared budgeted vs actual costs to highlight variance drivers and recommend process improvements aligned with fluctuating market demand.
